

# WEST BADEN SPRINGS

HOTEL®

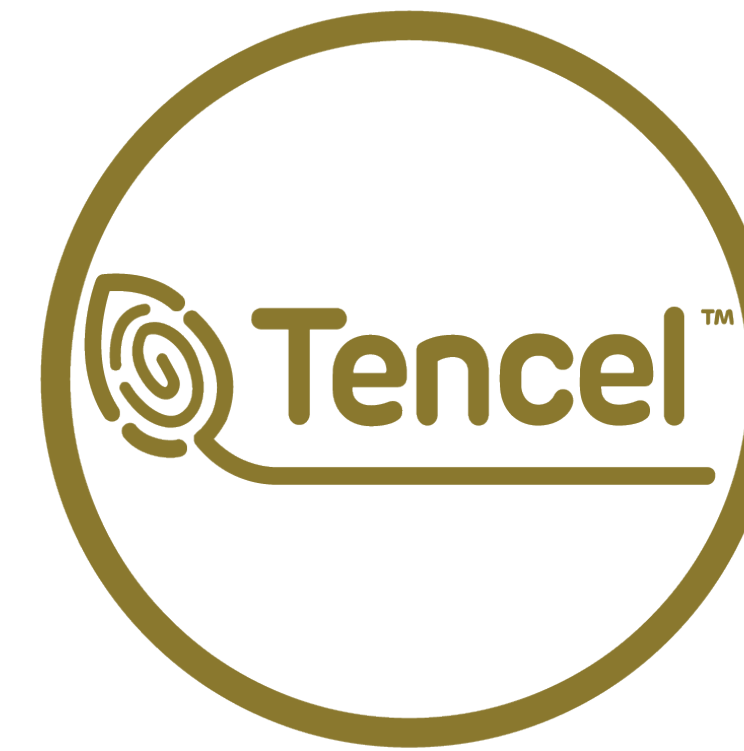

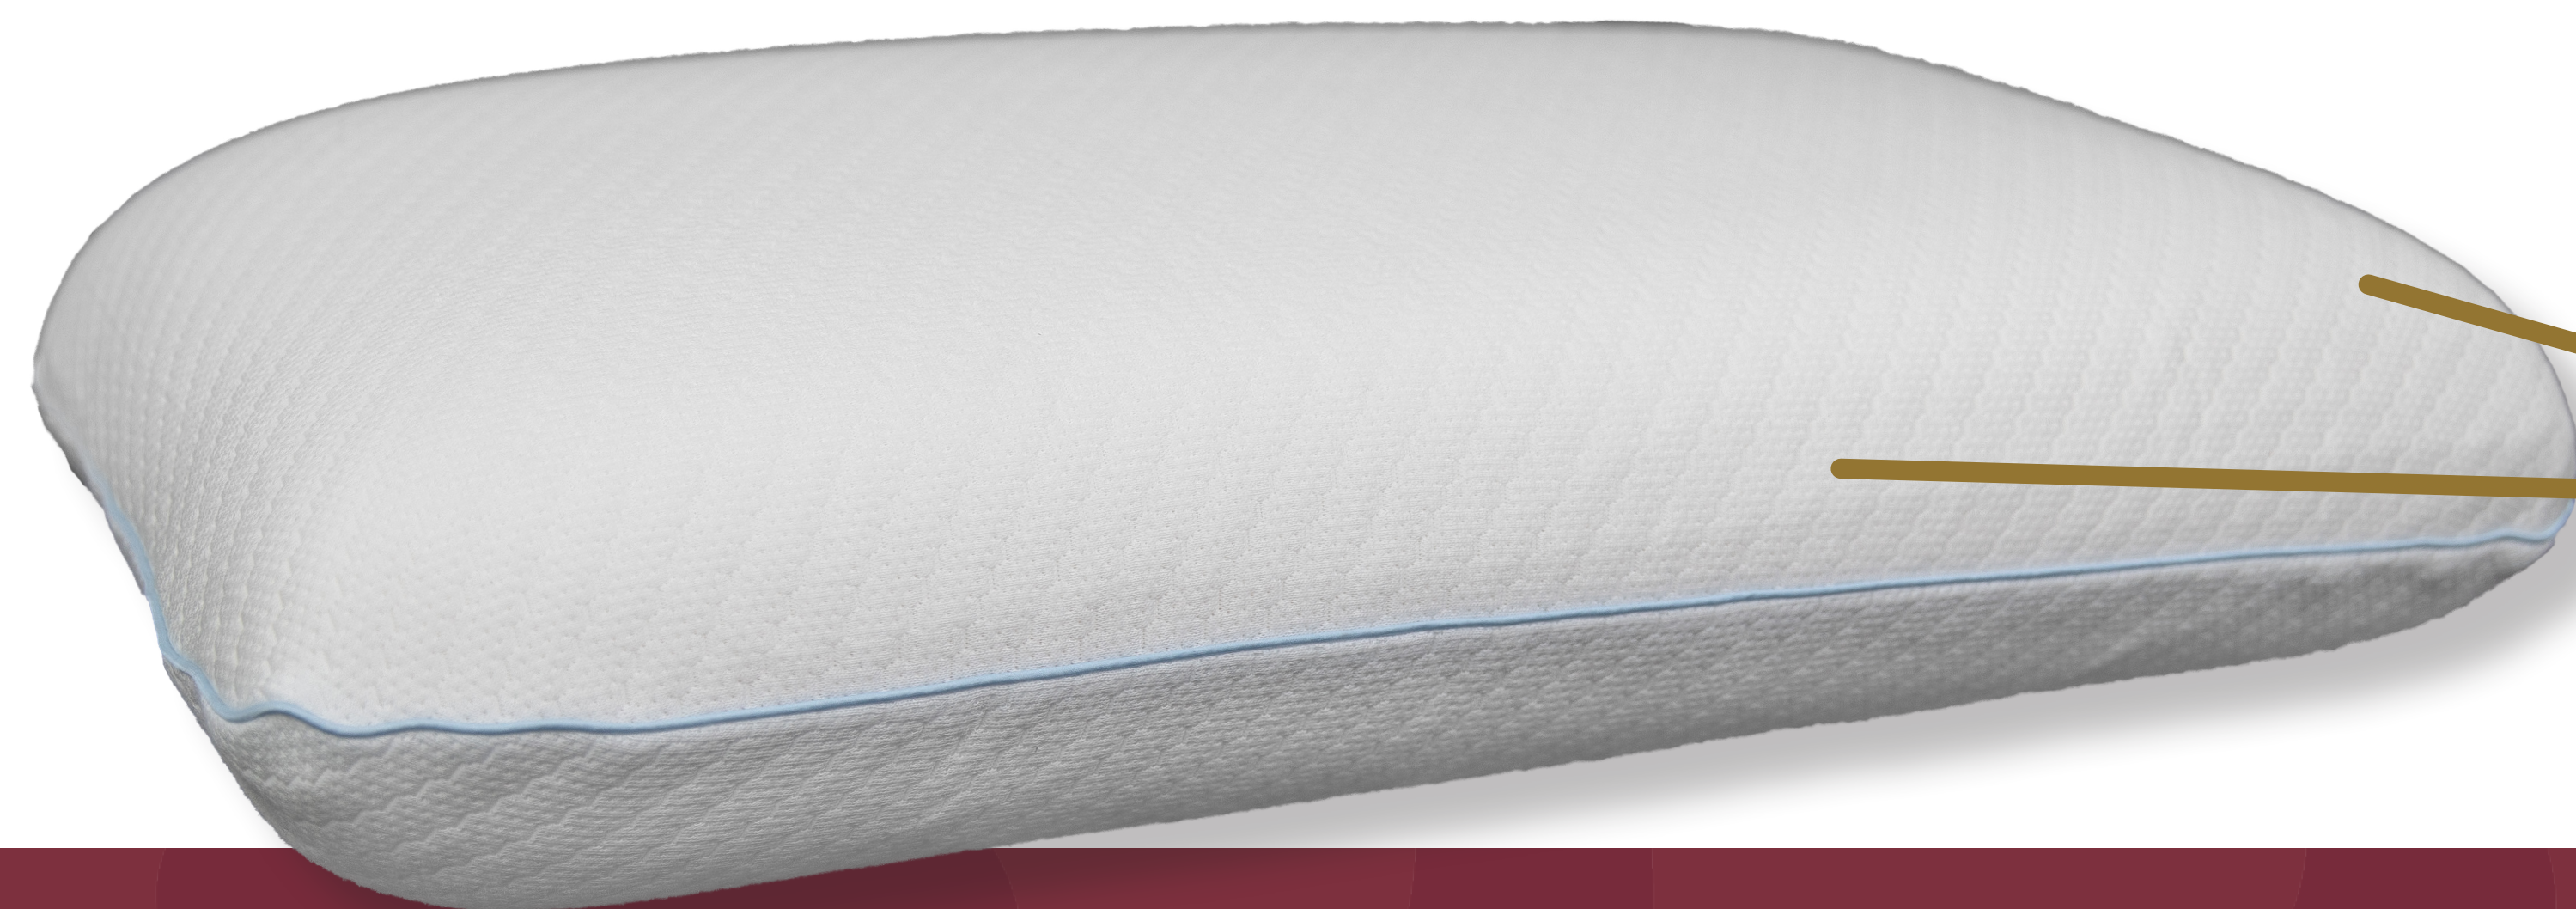

Pillow Series

## Supportive Biofoam Memory Foam

Choose from three levels of biofoam comfort. Choose your pillow firmness based on your ideal sleep position or your preferred level of comfort.

- **SOFT** ideal for **STOMACH** sleepers
- **MEDIUM** ideal for **BACK** sleepers
- **FIRM** ideal for **SIDE** sleepers

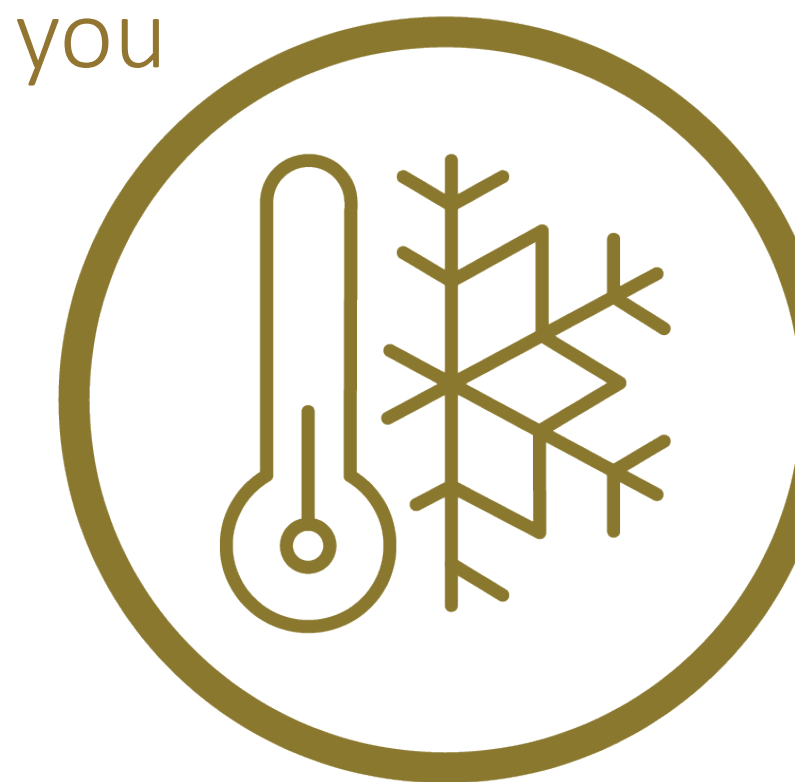

## Cooling Removeable Knit Cover

The Tencel™ cooling knit cover features a zipped closure, the outer cover can regularly be removed and washed. The inner cotton cover provides an additional layer of comfort.

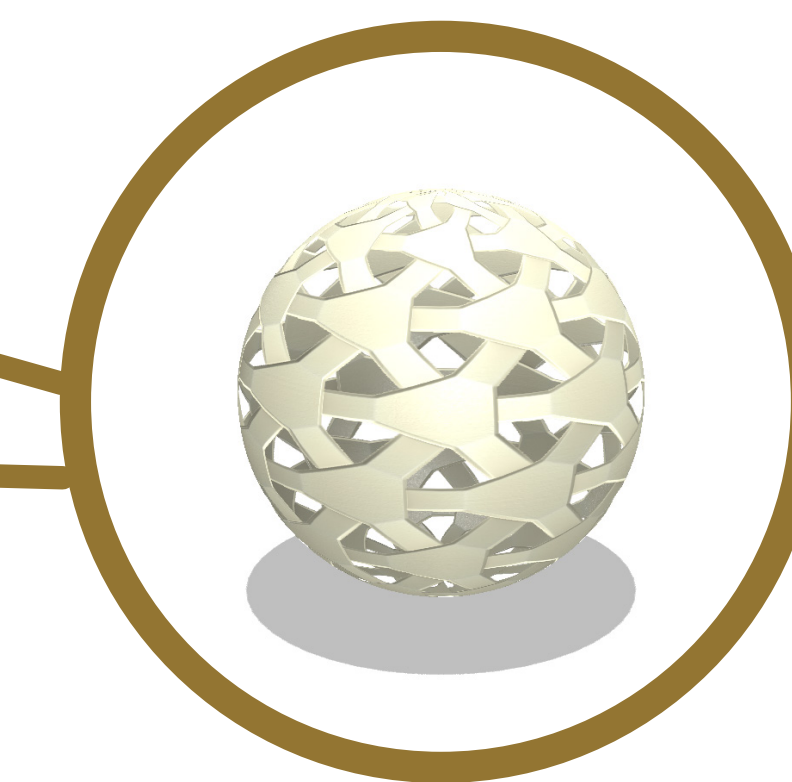

## Temperature Regulating

Tencel™ regulates your body temperature keeping you cool and comfortable throughout the night.

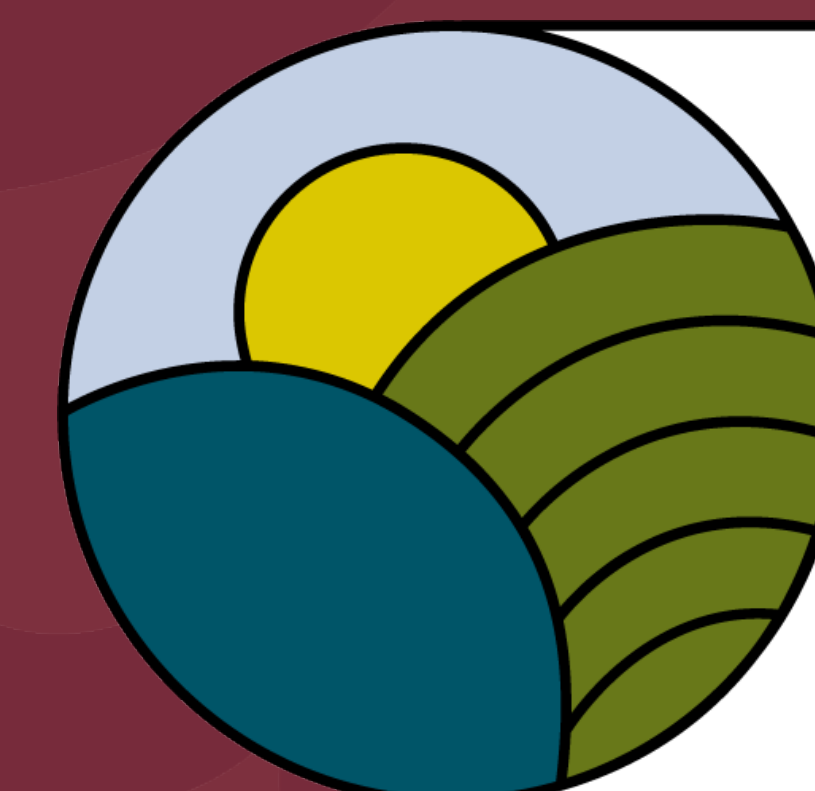

## Open Cell Technology

Density biofoam features open cell technology that allows air to flow through the foam helping you stay cool through the night.

## Sustainable Renewable Biofoam Product

The biofoam pillow is certified by the USDA to be made of renewable resources composed of biological ingredients such as renewable plants like corn and soybeans. The USDA's BioPreferred program helps to reduce the introduction of fossil carbon into the atmosphere, thus mitigating potential climate change impacts.
